Nebraska vs. Kansas, at Lincoln. Openly worried, but secretly confident of wictory, the Missouri University football team, accompanied by some 200 rooters, arrived in St. Louis from Columbia yesterday evening and took up quarters at the Southern Hotel. This afternoon at League Park the Tigers will meet the Washington University team in a game that may prove a surprise to the men from Columbia

The Tiger squad was in charge of Coach Pat O'Dea, the former Wisconsin star, and Assistant Coach Washburn, who was for-merly captain of the Missouri eleven. The coaches did not appear to consider their chance of rolling up a big score was very good, but at the same time they predict a victory for the Missouri team and expect to score at least 30 points.

The Missouri team can hardly be sized up by past performances. The Haskell In-dians gave the Tigers a good trouncing and were in turn defeated by Nebraska. Missouri held Nebraska to a very low score, and the merit of this performance may be judged by the fact that Nebraska defeated Minnesote.

burn, and, while they won, they did so only because of Washburn's weakness. The showing of the team on that occasion displeased the coaches. The men were slow at displayed little spirit. That is the reason why four members of the team that played Washburn will not line up against Washington.

played Washburn will not line up against Washington.
Out at League Park yesterday the Washington squad did a little work, but Coach white put in most of his time outlining a defense and an offense against the Tigers. Manager Smith could not say just how the team would line up, and that is a matter that may not be settled before this aftermoon. The officials and the time of halves will be agreed on at the park. The Misgouri coaches are in favor of halves of at least twenty-five minutes, and Washington probably will agree to that proposition.

Coach Pat O'Déa believes that Missouri will win, but not by a big score. He said:
"On the whole, the condition of the team is good, With the exception of the five nigured men, the team is in better condition than it was in the game with Washners. Five of the regular team — Todd, Kirk, L. W. Smith, Hays and Hoff—are suffering from injuries received this week in practice. They will be out of to-morrow's game.

me. Betting odds are in our favor, but I am the surprised that Washington demands the great odds, when it is known that our time is in such a crippled condition. Then is week we have had but little practice, account of had weather and a sleppy it, we have been able to practice but too in the open during this week. Tuesty we had to run signals in the gymnatum."

Glow healing sores are unsightly, painful and dangerous. They are a constant care and source of anxiety and worry.

Chronic, slow healing sores are frequently the after effects of some long standing defilitating elektrons that leaves the constitution weakened and the blood in a polluted, the down condition, when a scraich, cut, simple boil or bruise, becomes a fearful looking ulcer that grows and spreads, eating deeper and deeper into the flesh in spite of everything that can be done to check its progress. Old people whose blood is below the standard and the circulation aluggish, are tormented with face sore, and often indelest, sickly looking ulcers upon the limbe that give them hardly a moment's rest from pain and worry. Ordinary sores are liable to become chronic unless the blood is strong enough to throw off the germs and poisons, and no amount of Purify the Blood external treatment Heal the Scre.

they will continue to grow worse and worse, and many times terminate in that most horrible of all human maladies, Cancer.

S. S. S. cures slow healing sores by purifying and invigorating the germ-laden, vitiated blood and purging the system of all corrupt matter, thus striking at the real cause and removing every hindrance to a rapid and successful cure, and this is the only possible way to reach these deeply rooted, dangerous places. S. S. S. strengthens and tones up the circulation, supplies the rich, nutritious blood needed for the rebuilding of the constitution as well as healing the sace, and you get rid of the old plague spot for all time.

Ceach Pat O'Dea is standing back of right tackle in a light suit. The line-up is: Childers, center; Hoff, left guard; Hayes, right guard; Jesse, left tackle; Ellis, right tackle; Smith, left end; Anderson, right end; Birney, quarterback; Wulff, left half-back; Ardinger, right half-back; Kirk, full back.

Marion-Sims may have both Heuman and Bailey in the McKendree game to-day. Much to the surprise of his teammates and Coach Caldwell, Heuman reported for practice yesterday, though he was supposed to have suffered a fractured leg in the practice at League Back Thursday. The big tackle says that the kick was painful, but instead of a fractured leg he got off with a stone bruise, and: st thankful for that. He will play to-day. Balley got into the practice yesterday, and, though his shoulder pains him a little, he has about decided to break into to-day's game. Marion-Sims are much encouraged over the improvement Heuman and Bailey will make in the team. In case Bailey finds the game too rough for him, Gordon will replace him at left half. The doctors took light practice at Forest Park yesterday, and will depart for Lebanon this afternoon at 1:15 on a special train. About 400, student rooters will accompany the team. The line-up for the McKendree game will be as follows: Heuman or Brennan, left tackle; Mason or A. Campbell, left guard; Lindsay, center; Baldwin, right guard; Swahlen, right tackle; Griffin, right end; Stuttle, quarter back; S. Campbell, left half back; LeCron, full back and captain. The following substitutes will accompany the team: Christian, Duffy, Trotter, Homberg, Magee, Fuller, Short and Boiseau.

Coach Todd and members of the C. B. C. team will witness the Washington-Missouri game at League Park. Doctor Todd has an open date to-day because of the failure of Illinois College of Jacksonville to cancel his date with them in time to arrange for another game. C. B. C. is anxious to play Missouri, and if there is any chance of the teams getting together it probably will be announced soon. High School plays Shurcleff at C. B. C. campus this afternoon. The Grand avenue boys are playing fast ball and are picked to best the team from Upper Alton.

Owing to failure to secure suitable grounds in St. Louis, the game between the West Ends and Physicians and Surgeons will be played at the new ball park in East St. Louis, beginning at 3:30 this afternoon. The teams will meet with practically the same line-ups that they have been playing

St. Louis University is to play the heavy East St. Louis High School Alumni team at Sportsman's Park this afternoon. De-laney's team is fast, though light, and a victory over the beefy East Siders would be quite a feather in his cap.

There are few games of importance scheduled for to-day. The Harvard-Pennsylvania game is not the contest it was in days gone by. Pennsylvania has not shown class this year, and the crimson should roll up at least thirty points against the Quakers. Bucknell and Yale clash at New Haven and the sons of Old Ell are anticipating no easy victory.

western men are interested most in the game between Minnesota and Illinois at Minneapolis. The Gophers figure that they may yet finish next to Michigan if Chicago beats Wisconsin. Chicago just did defeat Illinois, and Nebraska took the Gophers by surprise and beat them by a narrow margin. Thus both contenders look to have an even chance, with Minnesota the favorite. Wisconsin should be able to score on Northwestern at will, while Michigan plays Iowa at Ann Arbor and is counting on a victory. Nebraska and Kansas will meet at Lincoln, and on the recent form displayed by the Cornhuskers they ought to smother the Jayhawkers. That would make Nebraska supreme over other schools in the Mississippi Volley.

Glasgow, Nov. 7.-The Associated Press understands that in the Shamrock III will e embodied some radical departures in the matter of yacht construction which have not appeared in any previous challengers. These changes are said to be due to an accidental discovery made during the trials of the Shamrock I and the Shamrock II, which convinced designer Watson that there had been a fundamental error in the construction of all the recent challengers. This discovery was made too late to admit of the remodeling of the Shamrock II, but when its nature was explained to Sir Thomas Lipton it had great weight in ecciding him to try for the America's Cup the third time.

Both Designers Fife and Watson are convinced that they possess solid data upon which they will be able to build a yacht superior to any previous cup racer. They are certain that they have evolved an idea which affects the whole theory of the propulsion of sailing yachts.

DALZELL ENTERS THE RACE. Speakership Contest Threatens to

Become Very Complicated. REPUBLIC SPECIAL Washington, Nov. 17 .- The contest for the Republican caucus nemination for Speaker of the Fifty-eighth Congress has been fur-

Republican caucus nemination for Speaker of the Fifty-eighth Congress has been further complicated by the announcement of Representative John Daizell of Pennsylvania that he will be a candidate.

The friends of Representative Cannon of Illinois have been very confident that he would be successful in his ambition to succeed General Henderson, and some of them have gone so far as to predict that he would be nominated by the unanimous vote of the caucus. The Pennsylvania delegation has been among those delegations counted upon as likely to support him.

There will be twenty-eight Republican members from Pennsylvania in the next House, and, as Mr. Daizell has been assured of the support of Senator Quay, who controls a majority of the delegation, there is little doubt that he will receive the solid support of the Keystone State membership. The Western delegations are not unanimous for Mr. Cannon, and it is known that several influential members from that several influential observers here predict that the contest will develop a situation where it will be a case of the field against Representative Cannon with a strong possibility of the latter winning out.
